* Of this number many are repetitions, renewed registrations of the same individual, and also of different individuals for the same farm. This arises in consequence of no one objecting to such enrolments so as to check the roll. The probability is, that at least a third less would be nearer the number of the real constituency.

† The County Register has not been purged for many years, and at this moment more than one-half are disqualified under the present law. The qualified constituency would not exceed 1,500.
